documents from TWC Management Company records. Apparent errors in those documents were corrected, and the results compared against the Fairfax County Real Estate Assessment Website at <http://icare.fairfaxcounty.gov/Main/Home.aspx>. For an individual property, looking at the "Structure Size" tab, "Detached Accessory Structures" shows "carport" if the unit has a carport. One error was identified on this website -- it indicates that 11622 Ivystone Court has a carport, and it does not. (This website indicates 81 units with carports, but, in fact, there are only 80 carports at Woodwinds.)
